04 · BRAND STORY

Your brand is more than a logo.

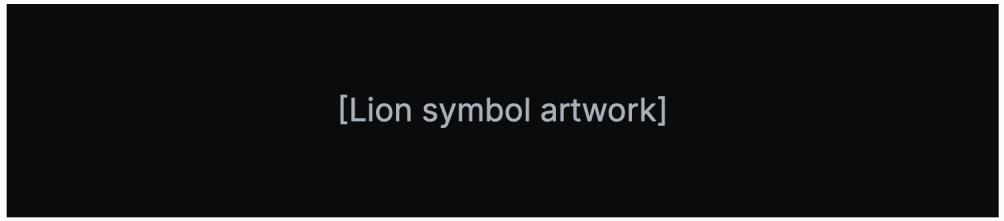

It's how customers see your business. A storefront, vehicle, sign, wall graphic or protective finish shapes perception before anyone speaks to you. Signsnwraps exists to make that first impression count.

We **listen.**
We **plan.**
We **create.**
We **install.**
We **support.**

PHILOSOPHY

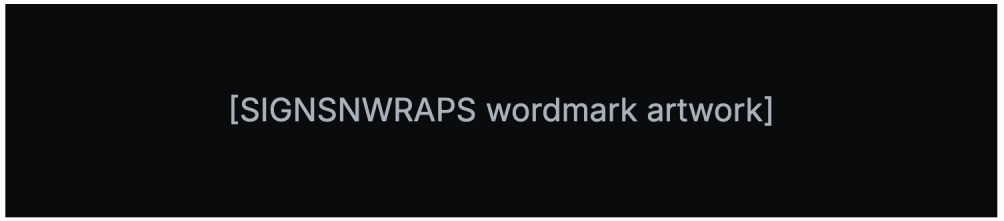

Don't guess your next step. Get expert advice.

Strength meets movement.

The lion symbol

Strength · Leadership · Confidence · Protection · Presence · Pride. Built to work on its own, without the wordmark.

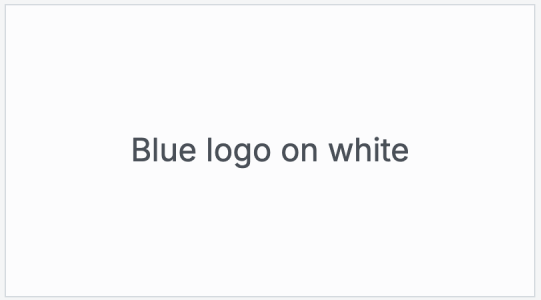

The italic wordmark

Movement · Speed · Performance · Automotive influence · Modern production · Forward momentum.

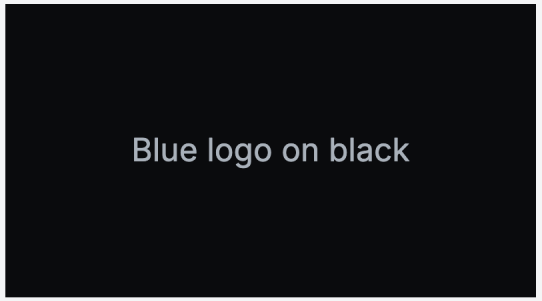

The lion that makes brands stand out. Over time, customers should recognise the lion alone as Signsnwraps.

Four approved versions.

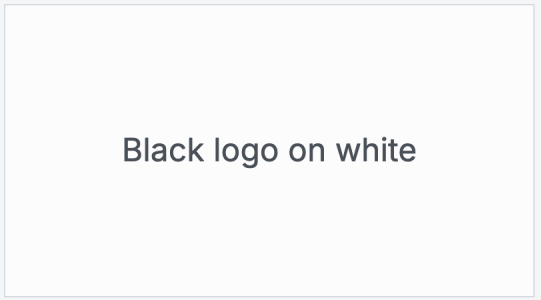

A · Primary

Main version. Website header, signage, cards, proposals, quotes, email signatures.

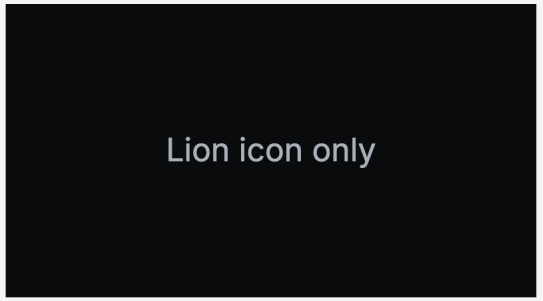

B · Reverse

C · One-colour black

D · Lion icon
